

Retention Project 2021-22: Term 2 Report

Faculty of Liberal Arts and Sciences

Executive Summary

The Retention Project delivers a peer-led check-in call for all undergraduate and postgraduate students. Since term 2 the project has provided more targeted support to students who are not engaging with their studies and have been escalated through the Student Engagement Policy. The project also prioritised calls to students from APP demographics and calls to Ukrainian and Russian students during the current conflict. Overall, the project made 22,146 calls in term 2 completing check-ins with 2,905 students. 473 of these students were referred for additional support and linked in with appropriate services. Table 1 provides a breakdown of calls by these groups for the Faculty of Liberal Arts and Sciences (FLAS) in comparison to the whole University:

	Overall		UG non-attendance		UG APP		PGT non-attendance		PGT APP		PGR	
	UoG	FLAS	UoG	FLAS	UoG	FLAS	UoG	FLAS	UoG	FLAS	UoG	FLAS
Total calls	22,146	1,546	1,362 (FLAS)				142 (FLAS)					42
Calls completed	2,905	434	1,859	330	285	58	440	23	167	7	158	16
Escalations	473	69										

Table 1. Breakdown of calls by student demographic

During the phone call, students are asked about their programme experience, loneliness, engagement in extra-curricular activities, other pressures being faced and awareness of University and SU services. If students are not aware of the latter, additional information is provided during the call. If the student raises an issue that cannot be resolved during the call, the issue is escalated to the Student Engagement Team for onward referral to the relevant service/contact. Of the 434 completed calls to FLAS students, 69 students (16%) required an onward referral to resolve their issue which equals the University average. The most common referrals were to Student Finance and the Wellbeing Service. Of the 434 FLAS students who completed a Retention call, only 4 had withdrawn, and 7 had interrupted by the end of term 2.

Taught Students

Programme experience

Callers asked students how they found their programme and coded the answers as either positive, neutral or negative (Table 2). The majority of students described their experience as positive. Most students were also aware of who their Personal Tutor is, this figure was particularly high for postgraduate taught students who had missed classes (Table 3).

Positive comments

Students commended:

- Informative and engaging tutorials and lectures
- Supportive and helpful tutors, good relationship with students
- Improved experience compared to previous year

Areas for improvement

Students highlighted the following challenges:

- Assessment deadline bunching
- Assessment feedback not received within 15 days
- In-person exams for non-final year students unexpected
- Quality of blended delivery, in-person classes preferred but some classes still online
- Level of support from staff not consistent
- Class rooms overcrowded
- Cancellation of classes without prior notice or cover
- Impact of strike
- Personal issues impacting on students that staff not always aware of (e.g. caring responsibilities, part-time work, health issues, financial issues)

Reasons for not attending classes

Students who were called due to having received a notification in line with the Student Engagement Policy were asked why they did not attend their class. The most common reasons cited were;

- Illness without submitting apologies (40%)
- Attended but did not tap in/not recorded by staff (13%)
- Attended online, did not know they had to attend in person (12%)
- Class time clashes with other commitments (caring responsibilities, work etc.) (12%)

These are comparable to the top four reasons across the University. Students also cited:

- Mental Health
- Financial issues meaning the student had to work or could not afford transport to university
- Timetable issues
- Bereavement

Interruptions and Withdrawal

Students were asked whether they were considering withdrawing from or interrupting their studies (Table 4) and linked in with the appropriate support if needed.

Loneliness

Students were asked whether they felt lonely and how often this was the case (Table 5).

Table 5. Frequency of feeling lonely

Students that did not feel lonely cited their friends at university as one of the key reasons. Students that felt lonely noted the following challenges:

- Impact of Covid-19 and online study
- Lack of social opportunities
- Difficult for mature students to make connections
- Work commitments taking priority

Students who expressed loneliness were signposted to GSU activities and events if they were not already aware (Table 6).

Pressures

Students were asked whether they had any financial concerns (Table 7) and what additional pressures they were facing.

No	79%	84%	81%	74%	78%	65%	78%	86%

Table 7. Do you have any fees or finance concerns?

The most common pressures highlighted by students were:

- Part-time/full-time work (13%)
- Cost of living (9%)
- Housing/Halls incl. homelessness (4%)
- Kids/Caring Responsibilities (4%)
- Commuting/Travel cost (3%)

These are comparable to the top reasons across the University. Students also cited:

- Mental and Physical Health
- Academic pressure
- Family matters

Many students noted that while they wished to attend classes and engage fully with their studies, their caring and work commitments prevented them from doing so highlighting that they would not be able to afford their studies without working either part-time or full-time.

Awareness of Support Services

Students were asked whether they were aware of key university and SU support services and provided with additional information on how to access these. Most students were aware of central University services (Tables 8-9); just under half of students were aware of the GSU Advice Service, this figure was particularly low for PGT students (Table 10).

Postgraduate Research Students

Out of the 158 completed calls to PGR students, 16 were made to FLAS students.

Research experience

Callers asked students how they found their research experience and coded the answers as either positive, neutral or negative (Table 11).

	UoG	FLAS
Positive	73%	75%
Neutral	22%	19%
Negative	5%	6%

Table 11. Research experience

Positive comments

Students commended:

- Supportive supervisory teams
- Improved experience this year now that contact with other PGR students is possible again

Areas for improvement

Students highlighted the following challenges:

- RETI training and requirements can be difficult to navigate, focused on Science students
- Not enough networking opportunities with other PGR students
- University communications focused on taught students
- Lack of office space
- Library resources needed for research not always available

Interruptions and Withdrawal

Students were asked whether they were considering withdrawing from or interrupting their studies (Table 12) and linked in with the appropriate support if needed.

Table 13. How often do you feel lonely at University?

Half the students did never feel lonely citing their friends and supportive supervisory teams as key reasons. Students that felt lonely noted the following challenges:

- Research experience is a lonely experience
- Lack of contact with other PGR students
- Lack of communal and office space on campus

Students who expressed loneliness were signposted to GSU activities and the Doctoral Society if they were not already aware of these (Table 14).

No	77%	81%

Table 15. Do you have any fees or finance concerns?

Only 4/16 students commented they were experiencing other pressures noting the following reasons:

- Cost of living/Funding
- Impact of Covid-19
- Caring responsibilities

Awareness of Support Services

Students were asked whether they were aware of key university and SU support services and provided with additional information on how to access these. All students were aware of RETI (Table 16) and the Wellbeing Service (Table 17). Just over half of the students were aware of the GSU Advice Service (Table 18).
